The IMPARTIALIST, or UNIVERSAL REFORMER, No. XI.

(To be continued occaſionally.)

Si fractus illabatur Orbis,
Impavidum ferient ruinæ HOR.

ADMIRABLE is the Wiſdom of Nature in ſo conſtituting the human Frame, as that every Man, however viticus and abandoned himſelf, ſhould not be able to withhold his ſecret Approbation of a generous and virtuous Character. This amiable Senſibility is not only affected by laudable Actions in which *we* may poſſibly be concerned; but is ſtrongly moved by a Repreſentation of generous Deeds, performed by Perſons moſt remote from us in Time or Situation. Not only ſo, but Nature has given it a wider Field to range, and the Soul may be warm'd with a Love for an imaginary Hero, ſigh for his Misfortunes, and ſwell with Rapture at the high-wrought Deſcription of his Succeſs.

This uſeful Diſpoſition of the Soul it becomes every Man ſtrenuouſly to cultivate, as it is a prevalent Spring and Support to Virtue. For that which we highly eſteem and venerate in others, we ſhall naturally approve and applaud in ourſelves; and when the Soul is ravith'd with the lively Picture of a generous and benevolent Character, its Emotions are in ſome Degree aſſimilated, and it ardently pants to reſemble the lovely Object of its Affections.

To this Purpoſe how inſtrumental are the extenſive Volumes of Hiſtory, in which the Actions of the good and great, in all Ages, are expanded to our View; and by which we become, as it were, Spectators of the Triumphs of Virtue, from Creation's Birth to the Moment in which our Exiſtence began!

But never are theſe ſublime Emotions more forcibly rous'd, than when we are bleſt with *living Examples* of uncommon Virtue, within our own Obſervation; and *living Examples* in *thoſe* whoſe eminent Stations render them the more ſtriking, and affecting. Virtue, when confined in the narrow Circle of private Life, often paſſes unnoticed, or obſerved but by few, like a Flower in a retired Vale; but when elevated to Power and Grandeur, like the poliſhed Diamond in a Monarch's Crown, it catches every Eye, and ſparkles with double Luſtre.

Thus, let us ſuppoſe a Perſon, endued with high Powers of Genius, and bleſs'd with the Embelliſhments of Education, call'd by his Prince to the Service of his Country, and veſted with an Office honourable, important, and extenſive: Imagine his Soul animated with an ardent Regard to Virtue, a warm Affection for his Country and King; and repreſent him in his private Life, diſplaying the faireſt Pattern of Fidelity, Charity and Piety,—a Heart mov'd by the gentleſt Sigh of Misfortune, delicate in Honour, and attun'd to the ſofteſt Breathings of Rectitude. Let us purſue the Image farther, and ſuppoſe him, in the Exerciſe of the Duties of his public Station, gentle without Remiſſneſs, juſt without Cruelty, ſpirited without Arrogance, ſteadfaſt without Obſtinancy, and bold without Raſhneſs; and guiding his Adminiſtration by a Knowledge of the Laws, and a Zeal for the Proſperity of his People, with Wiſdom to dictate, and inflexible Courage to execute. Let our Imaginations place him in ſo delicate a Situation, as that Pleaſure, Health, Safety, Eaſe, and the Advantages of a lucrative and honourable Station; and a Station he long and ardently aſpired after, ſhould be ranged on the one Side; and on the other, the welfare of a People, with Danger Fatigue, and perhaps Death itſelf in dread array; and conceive him nobly rejecting the proffer'd Bleſſings, and expoſing himſelf with Alacrity to the rueful Train of Evils for his Country's Cauſe—Would not ſuch Virtues, and ſuch diſintereſted Conduct, form a Character, which a Regulus or Fabricius might glory in? Would not ſuch a Superior, promiſe the moſt bounteous Happineſs, to a happy and grateful People? Would not every generous Breaſt be influenced with Admiration and Love? Would it not be irreſiſtably impelled to an Imitation of ſo fair a Pattern of excelling Virtue? Would not the bright Example catch from Breaſt to Breaſt, cruſh the haughty Creſt of Malice, and make Envy ſilently bluſh at her own Deformity?

Such, my Countrymen, is the Image of *him* who is the Repreſentative of his royal Maſter's Perſon and Virtues, which our gracious Sovereign has deign'd to honour us with. Too rude is my Pencil to paint the living Radiance of his Virtues—your own Experience will prove the Truth of the Deſcription, and ſome favourite Son of Genius will hand them down, for the Admiration and Imitation of Poſterity, in the glorious Annals of Britain.

To his EXCELLENCY WILLIAM TRYON, Eſquire,

Captain General and Governor in Chief, in and over the Province of New-York, and the Territories depending thereon in America; Chancellor and Vice-Admiral of the ſame.

The humble ADDRESS of the MAYOR, ALDERMEN, and COMMONALTY of the City of NEW-YORK.

May it pleaſe your Excellency,

WE his Majeſty's moſt dutiful and loyal Subjects, the Mayor, Aldermen, and Commonalty of this ancient Corporation, beg Leave to preſent your Excellency our warmeſt Congratulations on your Arrival with your Family in this Colony; and your Appointment to ſucceed our late worthy Governor the Earl of DUNMORE, on whom from a juſt Eſtimation of his Services, his Majeſty hath been graciouſly pleaſed to confer the Government of his Dominion of Virginia.

With the moſt lively Gratitude, we receive this Mark of his Majeſty's paternal Goodneſs, in appointing to preſide over this his loyal and faithful Colony, a Gentleman, whoſe Abilities eminently diſtinguiſh and qualify him for the Diſcharge of this important Truſt, and whoſe irreproachable Conduct in the Government he ſo lately honourably filled, is the ſtrongeſt Preſage of our own public Felicity.

The Ardour with which your Excellency, as ſupreme Magiſtrate in the Colony which you lately preſided over, undertook that hazardous, though neceſſary Service, in ſupporting the Laws of the Country, and the quelling a daring Inſurrection, juſtly alarming to the Community, and which, if not happily ſuppreſſed, might have been attended with very dangerous Conſequences, we think reflects great Honour upon your Excellency.

We cannot leave your Excellency, without entreating your favourable Countenance and Protection of this Corporation, in the full Enjoyment of all its Franchiſes and Privileges, granted by his Majeſty's Royal Predeceſſors; nor without offering our moſt ardent Wiſhes, that you may long enjoy the inward and ſolid Satisfaction reſulting from an eaſy, mild and equitable Adminiſtration, which we ſhall ever ſtudiouſly endeavour to promote, confident from the Tendency of your amiable Diſpoſition, that it will prove a Bleſſing to the People.

New-York, July 18, 1771.

To the MAYOR, ALDERMEN, and COMMONALTY of the City of NEW-YORK.

GENTLEMEN,

I Receive with real Pleaſure your Congratulations on my Arrival with my Family in this Colony; and eſteem myſelf happy in being appointed to ſucceed your late worthy Governor in the Command of this moſt reſpectable Province.

I conceived it an indiſpenſable Duty in me, to carry into Execution thoſe active Meaſures I was called upon to purſue, in Vindication of the violated civil Rights of a Province I had then the Honour to preſide over: But to receive ſuch honourable Teſtimonies of the Neceſſity of that Service, from the Mayor, Aldermen, and Commonalty of this ancient Corporation, affords as much inward Satisfaction to my Mind, as it does me public Honour.

Impreſſed with a proper Senſe of my Duty, and your favourable Opinion of my Inclinations, I ſhall faithfully endeavour to promote the public Felicity of this Country.

The Corporation of the City of New-York, may be confident of every poſſible Countenance and Protection from me, in all its Franchiſes and Privileges granted by his Majeſty's Royal Predeceſſors; and that their ſtudious Endeavours to promote the Succeſs of my Adminiſtration, will meet with all ſuitable Returns of Reſpect and Gratitude. WM. TRYON.

At the Time of offering the above Addreſs, Mr. Recorder, in Behalf of the Corporation, preſented his Excellency with the Freedom of the City, the Seal of which was incloſed in a Gold Box, and the City Arms neatly worked on the Lid thereof.

WILLIAM TRYON, ESQUIRE,
Captain General and Governor in Chief, in and over the Province of New-York, and the Territories depending thereon in America, Chancellor and Vice-Admiral in the same.

May it please your Excellency,

THE Corporation of the Chamber of Commerce of the City of New-York, beg Leave to present your Excellency their most cordial and sincere Congratulations on your Arrival in this Province, with your Lady and Family.

His most gracious Majesty having promoted our late worthy Governor, the Right Honourable the Earl of DUNMORE, to the Government of the Dominion of Virginia, we esteem ourselves happy in the Appointment of a Gentleman of your Excellency's eminent Abilities, and amiable Character, to the Command of this Province.

The Chamber of Commerce, instituted on Principles of general Utility, flatter themselves with enjoying, under your Excellency's Administration, that Patronage and Protection which they have experienced from your worthy Predecessors; —and your Excellency may be assured, that it will be the constant Endeavour of this Corporation to deserve your Favour, by promoting the Trade and Commerce of this City, so essentially necessary for its Increase and Prosperity.

Attached, from Principle, to our most gracious Sovereign, and our happy Constitution, we promise ourselves the utmost Happiness under the Government of your Excellency, distinguished for your Services to both;—and we beg Leave to assure your Excellency, that it will be our constant Aim to render your Administration easy and agreeable to yourself, as we are confident it will be highly beneficial to the Colony.

By Order of the Corporation,

New-York, July 22d, 1771. ELIAS DESBROSSES, President.

To the Corporation of the Chamber of Commerce of the City of New-York.

Gentlemen,

THIS polite and warm Address, of the Corporation of the Chamber of Commerce, is highly pleasing to me, and claims my very sincere Acknowledgments.

I am most truly sensible of the Honour I derive from his Majesty's gracious Appointment of me to succeed the Earl of DUNMORE, *in the Government of this Province; and no less happy in the Testimonies you give me, of being acceptable to its Inhabitants.*

As it is my Duty, so it is no less my earnest Intention, to advance, by every Means in my Power, the Honour, Prosperity and true Interests of this flourishing Colony; an Institution therefore, tending to the Extension of Commerce, upon just Principles, will always be entitled to my zealous Protection.

I accept with grateful Respect your kind Assurances of contributing to the Ease of my Administration, and I promise myself real Advantage in the Concurrence of a Body of your Consideration, actuated by Principles so beneficial to Commerce, favourable to Government, and Honourable to your Society.

WM. TRYON.

To his EXCELLENCY
WILLIAM TRYON, ESQUIRE,
Captain General and Governor in Chief, in and over the Province of New-York, and the Territories depending thereon in America; Chancellor and Vice Admiral of the same.

May it please your Excellency,

WE the President and Members of the Marine Society of the City of New-York, in the Province of New-York, in America, beg Leave to congratulate your Excellency on your safe Arrival in this Government, with your Lady and Family.

Although it is not without very sensible Regret that we take Leave of your Excellency's Predecessor, the Right Honourable the Earl of DUNMORE; under whose Administration we had the most pleasing Prospects of Happiness, yet we must acknowledge our Gratitude to his most sacred Majesty, for your Appointment to succeed his Lordship in this high and important Trust.

The many Virtues which have distinguished your Excellency both in public and private Life, and the eminent Rank you bear in point of Abilities, cannot but afford us a well grounded Confidence, that the People committed to your Care, will experience the most extensive Blessings under your wise and just Administration.

That the Advancement of Maritime Knowledge, and the Relief of unfortunate Commanders of Vessels, their Widows and Orphans, are the Objects of our Institution, will, we doubt not, sufficiently recommend us to your Excellency's Countenance and Protection.

May your Excellency long continue to preside over a People, zealous in their Attachment to our most gracious Sovereign and our excellent Constitution; and under the Influence of these Principles, may your Excellency, and those you govern, be distinguished by a Felicity that will be mutual and uninterrupted.

By Order of the Society,

LEONARD LISPENARD, President.

To the President and Members of the Marine Society of the City of New-York, in the Province of New-York, in America,

Gentlemen,

I AM obliged to you for your Congratulation on my safe Arrival with my Family in this Government.

It shall be my diligent Care that the pleasing Prospects of Happiness you formed under the Earl of Dunmore's Administration, be diminished as little as possible under mine.

The favourable Impressions you entertain of my public Conduct, I shall be studious to preserve, by discharging the Duties of an affectionate Subject, and a good Citizen.

The Institution of your Society, has for its Object, the greatest of all Virtues, Charity; for Mankind are never so strongly attached to the Interest of their Country, or so readily adventure themselves in the most hazardous Enterprises in its Defence, as when they can leave the Pledges of their Affection in the Bosom of Humanity, and rest in Confidence that whatever Accidents or Misfortunes may befal them, their Families are sheltered from Penury and Want.

An Institution therefore, which at the same Time that it advances Maritime Knowledge, supports the Widow and the Orphan, must command my Protection and Encouragement.

I shall be very solicitous to enjoy with a People, zealous in their Attachment to our most gracious Sovereign, and their most excellent Constitution, the Smiles of an uninterrupted Government.

WM. TRYON.

To his EXCELLENCY
WILLIAM TRYON, ESQUIRE,
Captain General and Governor in Chief, in and over the Province of New-York, and the Territories depending thereon, in America, Chancellor and Vice-Admiral of the same.

May it please your EXCELLENCY,

WE, the Governors, President, Professors, Fellows, and Tutors, of the *College* of the Province of New-York, in the City of New-York, in America, beg Leave to wait upon your Excellency with our warm Congratulations on your safe Arrival; and to express the deep Sense we have of his Majesty's paternal Goodness to this Colony, in nominating a Gentleman of your eminent Abilities, and approved Merit, to preside over it, in the Room of our late worthy Governor, now appointed to the Chief Command in the Dominion of Virginia.

The recent Proof you have given of your Regard to the Constitution, by rescuing a Sister Colony from present Anarchy, and impending Ruin; and the Wisdom with which the Measures for that Purpose were concerted, afford *Us* the most pleasing Prospect of Happiness and Prosperity; and we cannot but flatter ourselves that your Excellency's Administration will also be auspicious to the Sciences taught in the Seminary committed to our Care; which can only flourish in the quiet Shade of Peace and constitutional Liberty; and which have a peculiar Claim to, and have ever enjoyed, the Patronage of the brave, the polite, and the virtuous.

A liberal Education is productive of the most salutary Effects—Training up Youth in early and virtuous Discipline—Enlarging their Minds with useful Knowledge, and instilling Principles of Loyalty and Patriotism, are the most effectual Means to secure their future Utility. To these Objects we have always paid the greatest Attention; and we hope that the End of the Institution has been hitherto fully answered.

Permit us therefore to entreat you Excellency's Patronage and Protection, and to add our earnest Wishes that you may long preside over us with the Approbation of your Sovereign, public and domestic Happiness to yourself, and Gratitude from a loyal and affectionate People.

New-York, 23d July, 1771.

Gentlemen,

YOUR very warm Congratulations on my Arrival, I receive most thankfully, and I enter upon the important Government of this Country with a grateful Sense of so distinguishing a Mark of his Majesty's Favour towards me.

If to act agreeably to the sacred Law of Conscience, supported by the Law of the Land; and if the Success of Measures pursued under those Laws, can give Satisfaction to a sensible Mind, that Sensibility must be greatly increased when both the Measures and the Success receive the concurrent Testimony and Approbation of Gentlemen as eminent for their Abilities as for their Principles of Honour and Probity.

Warmed with these Reflections, I feel myself honoured and obliged, by your generous Sentiments of the Part I took in the Distresses of a Sister Colony.

Although I was too early placed on the Stage of public Life, to reap all the Advantages from the quiet Shade of Peace, yet I flatter myself, I have a just Sense of the Benefits that flow to a Community, from a liberal Education and an early training of Youth in the Paths of Virtue and Knowledge.

An Institution therefore, like yours, that tends to ennoble and enlarge the human Mind, instruct Youth in every Branch of Literature, and instil into them the Principles of Loyalty and Affection to their Sovereign and their Country, will always meet with my zealous Support and Protection.

The best Return I can make you for your earnest Wishes for my Success, is, by a diligent Discharge of my public Trust, to endeavour to deserve them.

WM. TRYON.

To his EXCELLENCY
WILLIAM TRYON, Esq;
Captain General and Governor in Chief, in and over the Province of New-York, and the Territories depending thereon in America; Chancellor and Vice-Admiral of the same.

The humble ADDRESS of the Minister, Church-Wardens and Vestrymen of the ancient Lutheran Church in the City of New-York.

May it please your Excellency,

THAT we, the Minister, Church-Wardens and Vestrymen of the ancient Lutheran Church in the City of New-York, embrace gladly the joyful Opportunity of offering to your Excellency in Behalf of ourselves and our Congregation, our most sincere and dutiful Congratulations on your Appointment to the Chief Command of this Province, and on your Excellency's safe Arrival with your Lady and Family in this Metropolis.

We beg Leave at the same Time, to express our most humble Gratitude for the paternal Regard our most gracious Sovereign has shewn for his Subjects in this Colony, by appointing in your Excellency, a Gentleman, who, during his Administration in a neighbouring Province, has given repeated Instances of very eminent Abilities and an amiable Character, highly to be praised by loyal and dutiful Subjects; especially, when your Excellency saw some Time ago, Justice openly violated, the Laws of the Country trampled under Foot, and the innocent cruelly oppressed, in the most daring Manner, by a Number of deluded Persons: Your Excellency, as the public Good did loudly call for, animated by a laudable Zeal, exposed even your valuable Person itself to the greatest Dangers of Life, in order to fill your high Station with Honour, to restore Order and Tranquility to the Inhabitants, and to preserve from Ruin the good Part of the People trusted to your Care there; and the God of Order and Decency crowned your Excellency's just Endeavours with Laurels of Success, and preserved your respected Person, graciously, to the End, we humbly conceive, that your Excellency might be for the future both a Support and Ornament to his Majesty's Government.

In full Hope of being blessed by your Excellency's just, wise and good Administration, we humbly recommend the Congregation we represent, to your Excellency's Countenance and Protection, especially, as the Privileges and Rights granted to us, have by your worthy Predecessors inviolably been preserved hitherto, and our Church now and then has been honoured with their devout Presence, to the great Encouragement of the Congregation.

With great Satisfaction we assure your Excellency on our Part, that we shall deem ourselves always extremely happy in shewing you at all Times, every Mark of loyal Obedience and Respect, and in contributing the little in our Power to render your Administration easy and happy.

Part of this shall be, that we continually shall offer our fervent Prayers up to Omnipotent Providence, that your Excellency's Life and Health may be long preserved among us, that your Administration may be blessed with the pleasing Approbation of your royal Master, that you may be always esteemed as a good Ruler by an affectionate and grateful People, and that you may enjoy the inestimable Felicity of having sealed to your Heart the blessed Words pronounced by the King of Kings: "Well done, thou good and faithful Servant, thou hast been faithful over a few Things, I will make thee Ruler over many Things, enter thou into the Joy of thy Lord." That this may be your Excellency's happy Reward of Grace, both in this Time and hereafter, are the sincere Wishes and ardent Prayers of,

May it please your Excellency, Your Excellency's
Most obedient and most dutiful Servants.

Signed at the Request of the Wardens and Vestrymen of the before-mentioned Church.

I Return you my Thanks for your respectful Congratulations on my Appointment to the Chief Command of this Province, and the safe Arrival of my Family in this Metropolis.

The favourable Opinion you entertain of my late Exertions for the public Service, does me great Honour; I shall on all Occasions be glad to render you my Services by countenancing and protecting your religious Rights and Privileges; and I intend to give myself the Pleasure of visiting your Church.

Your Promises of Support in my Administration, and your pious Petitions to Providence for my Felicity, claim the Tribute of my grateful Acknowledgments.

As the surest Means to merit the one and secure the other, I shall seek the Approbation of my royal Master, through my Endeavours to promote the welfare of his loyal and affectionate Subjects.

WM. TRYON.

To his EXCELLENCY
WILLIAM TRYON, ESQUIRE,
Captain General and Governor in Chief, in and over the Province of New-York, and the Territories depending thereon in America; Chancellor and Vice-Admiral of the same.

May it please your Excellency,

BREATHING the most ardent Love for our most gracious Sovereign, and Affection for your Excellency, We, the Minister, Trustees, and Wardens of the German Evangelical Lutheran Church in the City of New-York, with candid Submission approach you, to express our Joy at your safe and happy Arrival, with your respected Consort and Family, in this Province.

Since it has pleased our most gracious Sovereign to appoint our late worthy Governor, the Earl of DUNMORE, to the Government of Virginia, we cannot sufficiently express our Gratitude to his Majesty in nominating, to succeed him, a Gentleman so remarkable as your Excellency, for his private and public Virtues.

Your Excellency's fervent Love to your King and Country, your generous Labours in support of the Laws of your late Government, your spirited and brave Behaviour, your exemplary Generosity in preferring Toil and Danger of your Life in the Service of your King, to the Ease and Security of your new Appointment, call loudly for the Gratitude of every Friend to Liberty and civil Society, and we hope we are not insensible to the Call.

Will your Excellency then please kindly to accept of this humble Testimony of our Duty, Respect and Affection, of our sincere Prayer for your long and happy ruling over this Province; and our fervent Declaration of making it for the future (as we flatter ourselves it has ever been) our designed Study to be useful and peaceable Members of the Community, and deserving of that Favour and Protection we enjoy under the British Government, and which we have too much Sense of your Justice and Virtue to think it necessary to solicit of your Excellency.

We are, may it please your Excellency, with unfeigned Respect, your Excellency's most obedient and
Most humble Servants.

Signed in the Name and Behalf of the Trustees and Wardens of Christ Church, in Montgomerie's-Ward.

To which humble Address his Excellency was pleased to return the following Answer.

Gentlemen,

YOUR obliging Sentiments on my Appointment to this Government, demand my thankful Acknowledgment.

I am happy in the Reflection that my necessary Efforts to restore the Tranquility of the Colony over which I lately had the Honour to preside, have been productive of salutary Effects; as the Approbation of the Friends of civil Society and just Government, afford me the highest Satisfaction.

Your Study to be useful and peaceable Members of the Community, renders you deserving of the religious Privileges you enjoy under our most excellent Constitution, and you may rely on my constant Protection.

New-York, July 16, 1771.

His Excellency's ANSWER.

I Thank you for this affectionate Address, and the Sentiments you express on my Appointment to the Chief Command of this Government.

It will be my ardent Desire to promote the Happiness of all his Majesty's Subjects in this Colony, and the Congregations of the United Brethren, may with Confidence rely on that Protection in the Enjoyment of their religious and civil Rights, which their Loyalty and peaceable Deportment so justly merit.

WM. TRYON.

BOSTON, July 18.

Yesterday arrived here the Brig Diana, belonging to Piscataqua, Capt. Perkins, from London, by whom we have the following Articles, viz.

LONDON, *May* 8.

THIS morning as soon as it was certainly known that his Majesty would go to the House, to put an end to the Session of Parliament, Summonses were issued from Guildhall to the Aldermen and Common Council to attend. At two o'clock some of the Aldermen and a great number of the Common Council, went from thence to the Tower. On the Lord Mayor and Mr. Oliver being brought to the Tower gate by the proper officer of that fortress, they were saluted by 21 pieces of cannon belonging to the Artillery Company, the members of which accompanied the procession in their uniforms, which made a fine appearance; there were 53 carriages in the train. Sir William Stevenson, and the Aldermen Townsend, Sawbridge, Wilkes, and Trecothick, were in the procession: Only one of the Sheriffs, Mr. Martin, was present. The greatest acclamations were continued all the way to the Mansion-House, not only from the people assembled in the streets, but amazing numbers testified their satisfaction from the windows of the houses by which they passed. On the Lord Mayor and Mr. Alderman Oliver's arrival at the Mansion House, the Artillery Company saluted them. They then sat in the state-coach till all the carriages of the Common Council had passed, in order to return their salutes. The Lord Mayor and Mr. Oliver then ascended the steps at the Mansion House, preceded by the mace and sword bearers, and accompanied by the Aldermen and Sheriffs, amidst the incessant shouts and roars of applause of an incredible number of their grateful fellow citizens. On their arrival at the ballustrades fronting the great gate, the Lord Mayor and Mr. Oliver bowed in return to the people assembled, and were again saluted with loud and universal huzzas.

His MAJESTY's SPEECH, at the Prorogation of Parliament.

My Lords and Gentlemen,

"AS the state of public business no longer requires your attendance, I think it right, at this season of the year, to put an end to the present Session of Parliament.

"The satisfaction I have obtained from his Catholic Majesty, for the injury I had received, together with the proofs which the Courts of France and Spain have given me, by laying aside their armaments, of their sincere disposition to preserve the general tranquility of Europe, have enabled me to reduce my forces by sea and land. The zeal with which you have exerted yourselves, upon the apprehension of a rupture with Spain, must convince the world of your affectionate attachment to me, and of your constant regard for the true interests of your Country. On that support I shall always rely for the defence of my honour, and for the security of the rights of my people.

"With regard to the troubles which still agitate some parts of the continent, my endeavours have never been wanting to bring them to an end; and in those endeavours, you may be assured, I shall persevere."

"*Gentlemen of the House of Commons,*

"It was with real concern that I found myself called upon, by the situation of public affairs, to ask of my faithful Commons more than ordinary supplies for the service of the current year; and I cannot sufficiently thank you for the unanimity, cheerfulness, and public spirit, with which they have been granted."

"*My Lords and Gentlemen,*

While we acknowledge the goodness of divine providence, in preserving us from those calamities with which some parts of Europe have been afflicted, let me exhort you to employ your best endeavours, in your several stations and countries, to render the national happiness compleat, by discouraging and suppressing all groundless suspicions, and domestic disturbances. I have no other object, and I can have no other interest, than to reign in the hearts of a free and happy people: And it is my earnest wish, that my subjects may not be prevented, by any mistakes, or animosities amongst themselves, from enjoying, in the fullest extent, the blessings of a mild and legal government. The support of our excellent constitution is our common duty and interest: By that standard I would wish my people to try all public principles and professions, and to look upon those as their most dangerous enemies, who, under any pretence whatsoever, would persuade them to violate those laws, and undermine that authority, which the constitution has provided for the purpose of preserving the general liberty and happiness."

Then the Lord Chancellor, by his Majesty's command, prorogued the Parliament to Tuesday the 23d of July next.

Sir Fletcher Norton, in his address to his Majesty yesterday, observed, that the Commons hoped a proper use would be made of the supplies granted this session, which were larger than had been voted by that House on any former occasion.

We are informed, that as soon as news was carried to Hayes, that the Right Hon. the Earl of Chatham had carried his Cause in the House of Lords, every house was illuminated and the populace were entertained at his Lordship's charge.

Promoted, 14th Reg. St. John Wallace to be Ensign, vice Pringle, who exchanges 65th. John Roberts to be Captain-Lieutenant; by purchase. Ditto, John Pexton, to be Lieut. by purchase. Ditto, Henry Miller to be Ensign, vice Tichell; by purchase.

Robert Christian, Esq; of Antigua, is appointed Judge of the Admiralty of the said island.

It is reported that the King of Prussia, unwilling to entail war upon his family, has, by a Treaty, agreed to give up Silesia to the Austrians, and he is in return to have the remainder of Prussia and the city of Dantzick. The Russians, upon promise of not being molested in the war against the Turks, have acceded to the Treaty.

May 10. Last Tuesday night a duel was fought in the Green Park between a noble Lord, (Lord L.) and Comte A—i a Piedmontese Nobleman, in which the latter was wounded. The detection of a criminal amour was the unhappy occasion of this affair.

May 16. Yesterday Admiral Montagu, sat out for Portsmouth, to take the Command of the fleet destined for North-America, which is to consist of 21 sail.

Letters by the last post from Bourdeaux mention, that upwards of fifty sail of ships had been fitted out at that port for the Newfoundland Fishery.

By letters received from Adrianople, in Turkey, there is advice, that on the 26th of March several severe shocks of an Earthquake were felt there which destroyed part of the city, and the inhabitants were buried in the ruins; that those who remained alive escaped to the fields, and pitched tents to preserve them from the inclemency of the weather, which was at that time very rainy. At the time it happened the River Mazara rose considerably, and the effects of the Earthquake were perceived many leagues out at sea, and even as far as Philippoli.

The King has been pleased to constitute and appoint Sir Ralph Payne, K. B. his Majesty's Captain General and Governor in chief in and over all his Majesty's Leeward Caribbe-Islands in America, Chancellor, Vice-Admiral and Ordinary of the same.

Portsmouth, May 12. Three fleets are now ready for sailing, Admiral Sir George Rodney for the West Indies, Admiral Montagu for Halifax, Commodore Byron for Newfoundland, Sir Peter Denny's will command a powerful fleet in the Mediterranean. At Spithead 21 ships of war.

BOSTON, July 18.

On the 3d of June, about 50 leagues to the westward of Scilly, Capt. Perkins spoke a ship from Philadelphia bound to London, out 26 days, the wind blowing fresh westerly could not understand the Captain's name, the ship had painted sides—On the 9th of June in Lat. 46: 26 N. and Long. 23: 0 W. spoke the ship Peter Reynolds, Thomas Blundell, master, from Brunham, bound to Charlestown, all well.

The accounts from England agree, That since the prorogation of Parliament, and the discharge of the Lord Mayor and Alderman Oliver, from the Tower, every thing is quiet and peaceable, as recommended in his Majesty's speech, which was received with great pleasure and satisfaction. The Administration, it is said, remain firm.

NEW-YORK, July 25.

The last Advices from North-Carolina say, That the Disturbances in that Province have subsided; the Troops which had been employed in the Government's Service were returned to their respective Homes and discharged.—Most of the Regulators, who had been tried and convicted, it was imagined would not be executed, they having the Choice either to inlist in the Regular Service, or receive 500 Lashes; some of them have chose the former. Neither of the Outlaws had been taken up, it was thought they were fled to some of the back Mountains, and had secured themselves in such a Manner, that in all Probability they could not be easily discovered.—A great Number of Cattle which were taken from the Regulators, had been brought into Newbern, and there sold at public Auction.

Monday last, Capt. Yarborough sailed for Newbern, with whom went Passenger His Excellency Governor MARTIN, with his Lady and Family.

We find by the Newbern Paper of the 28th of June, that as soon as it was known on Monday Evening (the 24th) that his Excellency Governor Tryon, was returned to the Palace in good Health from the Expedition against the Regulators, tho' it was late in the Evening, the whole Town was immediately illuminated, and a Bonfire kindled. Many Gentlemen met and spent the Evening in rejoicing for his Excellency's happy Deliverance and Return. On Wednesday at Noon, the Town, met in a Body, waited on his Excellency with an Address of Congratulation, on his safe Arrival at that Place; on being the chief Instrument, under Providence, in suppressing a most wicked and dangerous Insurrection and Rebellion, restoring the invaluable Blessing of their Government and Constitution, and the Security of their Lives, Liberties and Property. They expressed a grateful Sense of his Magnanimity in exposing his Person equally with that of a private Soldier, to Fatigue and Danger, for the public Good, at a Time when he was called upon to the Government of another Province equally respectable and in perfect Tranquility. They conclude with Wishes that the People may be properly impressed with Gratitude for his Zeal and Abilities in promoting the Service of his Majesty and the Happiness of his People; and that he and his Family may long enjoy an uninterrupted Health and Felicity in this and a future Life.

To this Address his Excellency returned a polite and suitable Answer.

We hear from Fairfield, in Connecticut, that on Monday the 9th Instant, about Sunrise, a Barn in which were 5 or 6 Loads of Hay, belonging to Mr. ————, of that Place, was discovered to be in Flames, which were so furious that it was impossible to save the House which with most of the Hay was soon reduced to Ashes. A Negro Boy of about 14 Years of Age, was from some Circumstances suspected, and being examined he confessed that he designedly set Fire to his Master's Barn, because he had some Days before permitted him to be punished for a Fault he had been guilty of.—On this Confession he was committed to Gaol, tried, convicted, and publickly whipped; since which he has been sent off to the West-Indies.

We hear from Newtown, on Long Island, that one *Birch*, a Native of England, between 60 and 70 Years of Age, a poor Man, who had been for some Years in these Parts, and during the late War was a Soldier in the Provincial Service, having been a Day or two missing, was on Monday Morning found dead in the Garret of the House where he lodged. The Noose of a Rope with which he appeared to have been strangled was round his Neck, the other End hanging over a Beam, but not tied; and it was supposed, that in order to put an End to his Life—of which he had been heard to say that he was weary,—he had taken hold of one End of the Rope with his Hands. He had made several Attempts to get to England, where he said he had a rich Sister but could not procure Money for his Passage.

Yesterday his Excellency Lord Dunmore, set out in his new Yacht, for Albany.—On his passing the Fort he was saluted with 15 Guns.

[☞ *We would gladly oblige the People of every Society and Denomination in this City, by inserting their Addresses to his Excellency on his Arrival, and the Commencement of his Administration. But want of Room obliges us to defer some of their Addresses that came last to hand, 'till another Week.*]

POET'S CORNER.

FIDELITY.

FIDELITY, though now no more,
Was highly prais'd in days of yore,
With tory, whig, or any one,
An upright firm companion;
Whether dull morals turn'd her out,
Or whether she mistook her rout.
The nymph, no curious search could find
Among the haunts of human kind;
Quite the world's disgrace and cost,
The unhappy fugitive was lost.
In vain the papers advertise
Her name, apparel, shape and size;
In vain, through ev'ry market town,
The cryer bawl'd it up and down.
Reward was offer'd all in vain,
None brought the wanderer back again.
'Tis said for truth that she
Had cross'd the wide atlantic sea,
And quitting Europe's faithless shore,
Was to America come o'er,
Where she had found a peaceful home
No more a wanderer doom'd to roam;
That here she always meant to tarry,
To enter into trade, and marry;
And had a compact firmly made
With *all the men concern'd in trade*:
That *merchant's*, one and all, she knew,
To their engagements would be true.——
And that *of liberty the sons*,
Were her's for ever—*sure as guns*:
So they declar'd, and she believ'd——
How soon are artless maids deceiv'd!
'Twas all a lie, contriv'd to cheat her,——
She soon was shunn'd by ev'ry creature:
From *sons of liberty* no aid,
Found the distress'd abandon'd maid,
The *merchants* kick'd her out of door,
And here her place was found no more!
At length mere accident betray'd
The lurking of the banished maid:
——Where can you guess the nymph was found?
In kennel, with the yelping hound.——

TOWER,

Together with several Pieces on the same Subject on both Sides the Question, the Opinion of some eminent Lawyers on the Case, some Proceedings thereon of the Common Council of London, with the Recorder's Speech, &c. As these Speeches and Writings are very remarkable, and upon a Subject extremely interesting to every Englishman; as they give us a clear and distinct View of the respective Rights of the People, and of each Branch of the Legislature, and therefore ought to be often read, well understood, and carefully preserved, as determining a most important Point, and as a lasting Monument of one of the most violent and dangerous Attacks ever made upon our glorious Constitution, with the most noble, vigorous and effectual Defence of it; many of our Customers and others, in order to preserve these valuable Pieces entire, and free from the Mixture of other Matters, and to avoid the Trouble of searching for them as they lie scatter'd thro' several News Papers, have encouraged the Printer to make the Collection; and it is not doubted will encourage the Sale so as to prevent his being a loser by the Work.
